## ADAS® PRISCA SYSTEMS

offer innovative operable roof and facade solutions that combine our engineering excellence with aesthetic appeal. Our ADAS® Prisca systems provide adaptable, durable, and efficient structures for a myriad of applications, including stadium facades and outdoor canopies, ensuring long-term performance with minimal maintenance.

### PRISCA SYSTEM BENEFITS

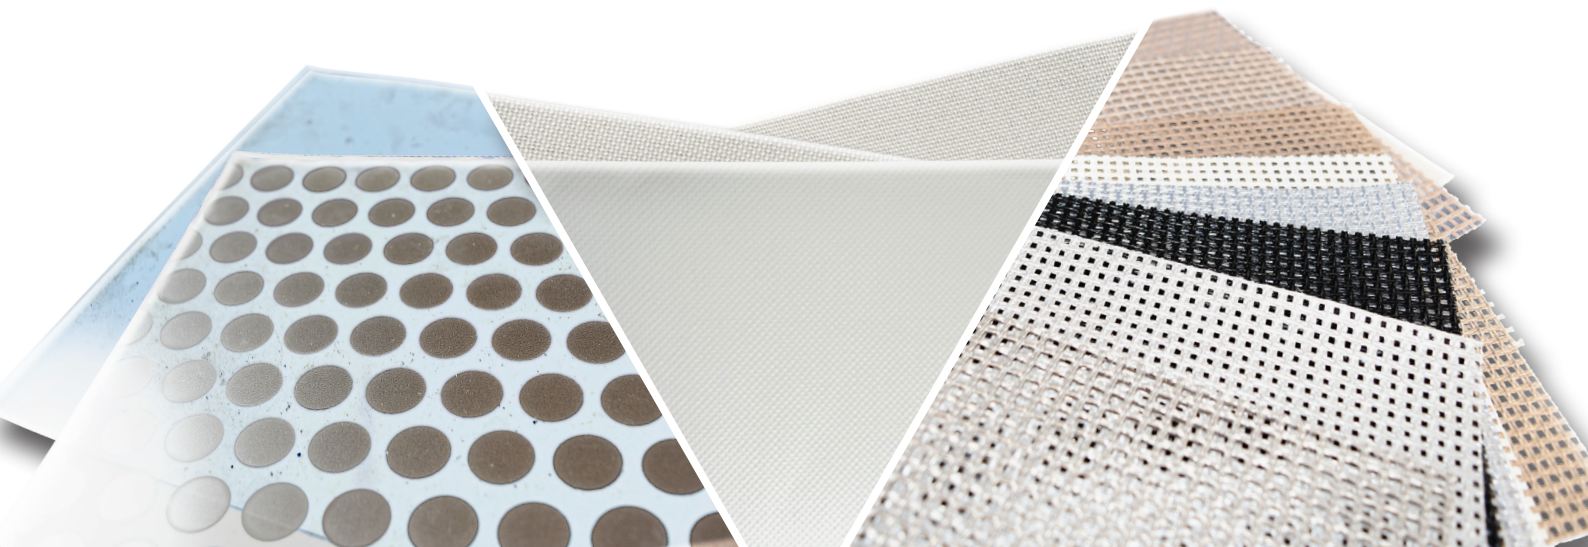

- Space Optimisation : Adapts to various needs with flexible enclosures.
- Enhanced Comfort : Controls sunlight and ventilation for comfort.
- Versatile Applications : Ideal for stadiums, events, and commercial spaces.
- Weather Protection : Provides shelter while allowing open-air use.
